

Newton Historical Society 2022 Annual Report

The Historical Society has been meeting twice a year since the pandemic and will continue until further notice. We meet once in April and again in December. We welcome anyone interested in the Town's history to join us.

This past year saw the resurrection of our very popular Fall Festival. We would like to thank the North Shore Bank for once again hosting our event. We would also like to thank all the sponsors and those that attended. We will use the funds raised to replace the roof on the primary school house and to trim the trees around the building. We hope to have the roof completed by the end of the year.

A big shout out to our neighbor Bill Galant who maintains the lawn at the primary school house. His efforts are greatly appreciated.

The Society's museums remain closed and are opened by appointment only. Contact us if you would like to visit our museums by email at newtonhistoricalsoc@comcast.net or visit our website at NewtonHistoricalSociety.org

On behalf of all the Society members, we wish good health and well-being for the 2023.

Thank you,

Diane Morin

Society President
