## Old Business:

**Restoration of Society's Hayford Carriages:** Bill Landry is trying to get a date from Ann Miles as to when the restoration work on the carriages will be started. Ron Saunders spoke with Barbara Lowes via email about restoring the seats. Dwight gave him an estimate of \$400-\$500 per seat. After speaking with Ann Miles, it was decided that Dwight's estimate was very fair and it was decided to go with Mr. Lowes. Ron is trying to nail down a date when that work will begin.

**Participation in Newton Home Day Oct. 3, 1:00PM to 5:00PM:** Barb & Bill DiBartolomeo, set up the "Photo Boards" at 8 Merrimack Rd for Home Day so attendees could take their pictures. Barb received a round of applause from the members for her excellent work.

**Project to preserve Newton's 1749 Charter:** Jim Doggett reported to Bill Landry that the preservation group in Andover, MA quoted a cost range from \$6,500. To \$22,000. to preserve the Charter. Jim who is very knowledgeable about this type of work, can preserve the document with proper materials at a minimum cost. It won't be as grand as the Andover Group, but it will preserve the document for many years to come. The cost to the society will be less than \$200.00.

**Marshall House Barn electrical project:** Ron Saunders reported that Mike Pivero dug the trench to the house and Ron ran the wiring pipe. Building Inspector Dan Reilly, checked the trench work and it meets all codes. When Mike Pivero filled in the trench he also spread loam over the area, seeded it and covered the seed with straw. He did a great job.

As soon as Ron has an opportunity he will finish the wiring connection in the house and we will have electricity in the barn.
